

# eLearning in 126: Homeroom

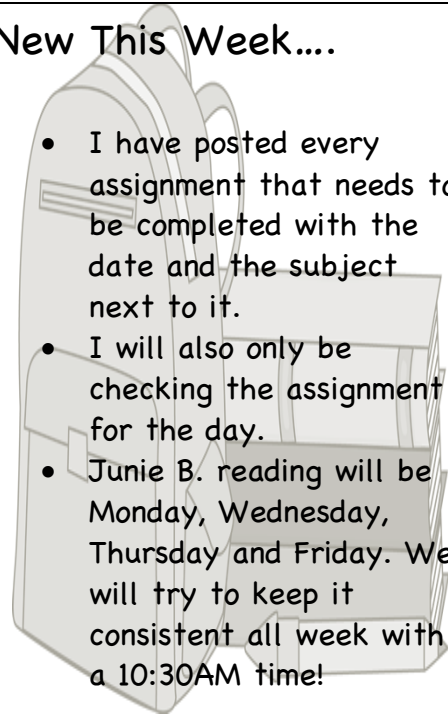

## Weekly Overarching Goals

- Introduction to Measurement:
  - Length/Height
  - Capacity
  - Weight

## New This Week...

- I have posted every assignment that needs to be completed with the date and the subject next to it.
- I will also only be checking the assignment for the day.
- Junie B. reading will be Monday, Wednesday, Thursday and Friday. We will try to keep it consistent all week with a 10:30AM time!

## What We're Learning

### Monday

- Length and Height
- Motion, Speed and Strength

### Tuesday

- Comparing Weight
- Motion, Speed and Strength

### Wednesday

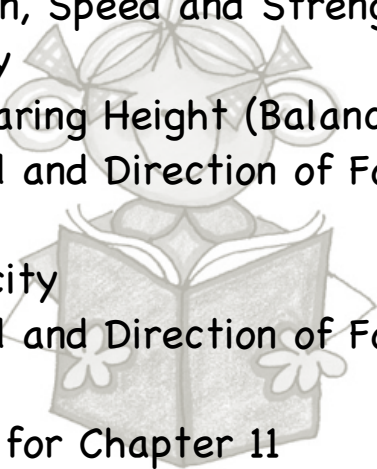

- Comparing Height (Balance)
- Speed and Direction of Force

### Thursday

- Capacity
- Speed and Direction of Force

### Friday

- TEST for Chapter 11
- Code.Org OR Yoga

## Small Group:

Please sign up for Tuesday with this link...

I will send you a Google Invite with the meeting link
